

Brand Guidelines

Identity standards for consistent digital and print use

Logo System

PRIMARY AND SECONDARY MARKS

PRIMARY LOGO

Default signature for websites, presentations, reports, GitHub, and formal communication.

SECONDARY LOGO

Use where space is limited: favicon, app icon, avatar, watermark, and compact navigation.

Minimum Size

PROTECT RECOGNITION AND LEGIBILITY

PRIMARY - DIGITAL

160 px wide

PRIMARY - PRINT

35 mm wide

SECONDARY - DIGITAL

32 px wide

SECONDARY - PRINT

10 mm wide

Do not reproduce below these sizes. If the primary wordmark becomes difficult to read, switch to the secondary monogram.

Safe Area

GIVE THE LOGO ROOM TO BREATHE

X equals the cap height of the letter O in the wordmark. Keep at least 1X clear space on every side. No text, edge, image, or interface element may enter this zone.

Background Rules

MAINTAIN CONTRAST AND CLARITY

Light / white

Use full color

Dark navy

Use white

Very light color

Use black or full color

Black

Use white

Avoid busy photography, low contrast, gradients behind the mark, or colors that visually collide with the blue-teal identity.
